Hazardous Weather

Hazardous Weather

Better Rain Chances North Today

Scattered showers and thunderstorms along and north of I-20 (green shaded area)

Isolated showers and thunderstorms for counties south of I-20 (area shaded in brown)

A few strong storms possible with gusty winds, hail and locally heavy rainfall

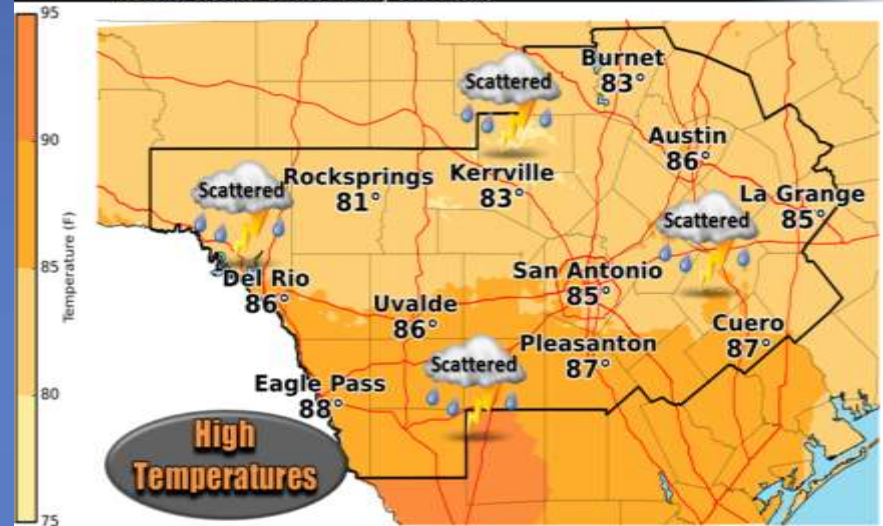

National Weather Service San Angelo, TX Updated Jun 01 4:55AM

Scattered showers and thunderstorms are expected today across the Big Country area along and north of Interstate 20, in proximity to a weakening upper level disturbance. The coverage of showers and thunderstorms will be more isolated farther south

Scattered Showers and Thunderstorms

National Weather Service Austin / San Antonio

@NWSSanAntonio
weather.gov/ewx

Scattered showers and thunderstorms are expected today. Isolated strong to marginally severe storms are possible. Locally heavy rains are also possible and may cause minor flooding. The clouds and rain will keep temperatures below normal for June 1st

Hazardous Weather

Thunderstorms will increase throughout today as an upper level disturbance shifts northeast across the region. A few strong to marginally severe storms will be possible, mainly this afternoon into early evening with damaging wind gusts as the primary threat.
